

Medic Mentor

Motivating Medical Minds

Regional Mentor Person Specification

Who are Medic Mentor?

Medic Mentor are the national mentoring organisation for practicing, training and aspiring doctors, dentists and vets. Medic Mentor offers the largest national leadership development programme for prospective students and the largest national educational scholarship programme for medical, dental and veterinary students. We are a dynamic, innovative and nationally impactful organisation, led by the education directorate committee comprised of practicing doctors, dentists and vets. Medic Mentor, as a community, are passionate about providing the highest quality education, committed to driving innovation in the field of med-ed and provide tailor-made mentorship to our students, to raise their aspirations and actively improving their wellbeing, morale and success. Overall, our pursuit is to sculpt the next generation of game changers equipped with a 'can do, shall do, will do' approach, to provide the most effective and insightful leaders of tomorrow that the NHS needs.

What does Medic Mentor offer?

Medic Mentor provide support to students and professionals at every stage of their training. For aspiring students, we offer insight conferences and provide the detail on making a successful application, we provide a national leadership training programme, we collaborate with schools to set-up Medic Mentor societies to unite students passionate about professional healthcare careers, we offer a residential summer school for personal statement mentoring support, we provide study guides and educational resources as medical wider reading and to prepare them for interviews, we offer the national awards programme to encourage and acknowledge success and we offer unlimited access to highly successful professionals, as mentors. For medical, dental and veterinary students, we provide the largest scholarship programme in the UK, training and coaching on essential academic skills including leadership and teaching, opportunity to contribute to educational projects and participate in our wealth of events for aspiring students, wellbeing and pastoral support and unlimited access to professionals as mentors. For qualified doctors, dentists and vets, we offer national leadership positions into the education directorate as well as the opportunity to progress to our senior leadership positions and take a full-time role as teaching or research fellow.

Regional Mentor Recruitment:

We are looking to recruit inspiring, enthusiastic and ambitious doctors, dentists and vets who are looking to share their wealth of experience and give back to the next generation of healthcare professionals, in combination with those individuals who have alongside the aptitude and potential to make the greatest teachers, leaders and mentors. Medic Mentor are a highly aspirational organisation, in that we provide a supportive environment that allows talent to flourish, for our prospective students, medical/dental/veterinary students and for our doctors, dentists and vets alike. Medic Mentor provide you with the challenges, rewards and networks you need to launch your careers and perfect your competencies in presentation skills, teaching and mentoring,

By joining Medic Mentor as a Regional Mentor, you will work closely with the central committee (Education Directorate) and have the opportunity to participate in the vast array of Medic Mentor events, conferences and educational projects.

Expectations of a Regional Mentor

We expect Regional mentors to undertake at least three events per year, in addition to either writing an article for our magazine or contributing to one of our many Medic Mentor educational projects. We ideally would prefer you to undertake events in your region so that you can act as a point of contact.

Once you are appointed as a Regional Mentor, you can stay in this role as long as you wish. Typically, we ask for a commitment of at least 4 months.
